Log Data may include information such as a User's Internet Protocol (IP) address, browser type, operating system, the web page that a User was visiting before accessing our Services, the pages or features of our Services to which a User browsed and the time spent on those pages or features, search terms, the links on our Services that a User clicked on, and other statistics. We use Log Data to administer the Services and we analyze (and may engage third parties to analyze) Log Data to improve, customize, and enhance our Services by expanding their features and functionality and tailoring them to our Users' needs and preferences. We may use a person's IP address to generate aggregate, non-identifying information about how our Services are used.

Location Information. We collect and store information about your location when you use our App and take game actions that use the location services made available through your device's mobile operating system, which makes use of cell tower triangulation, wifi triangulation, and/or GPS. You understand and agree that by using our App you will be transmitting your device location to us, and that location, along with your Agent Name, will

be shared publicly with other Users through the App when you take an in-game action. We may also use location information to improve and personalize our Services for you.

We will not share any PII that we have collected from or regarding you except as described below:

Information Shared with Our Services Providers. We may engage third party services providers to work with us to administer and provide the Services. These third party services providers have access to your PII only for the purpose of performing services on our behalf and are expressly obligated not to disclose or use your PII for any other purpose.

Information Shared with Third Parties. We may share aggregated information and non-identifying information with third parties for industry research and analysis, demographic profiling, and other similar purposes.

Information Disclosed in Connection with Business Transactions. Information that we collect from our users, including PII, is considered to be a business asset. Thus, if we are acquired by a third party as a result of a transaction such as a merger, acquisition, or asset sale or if our assets are acquired by a third party in the event we go out of business or enter bankruptcy, some or all of our assets, including your PII, may be disclosed or transferred to a third party acquirer in connection with the transaction.

Information Disclosed for Our Protection and the Protection of Others. We cooperate with government and law enforcement officials or private parties to enforce and comply with the law. We may disclose any information about you to government or law enforcement officials or private parties as we, in our sole discretion, believe necessary or appropriate: (a) to respond to claims, legal process (including subpoenas); (b) to protect our property, rights, and safety and the property, rights, and safety of a third party or the public in general; and (c) to stop any activity that we consider illegal, unethical, or legally actionable activity.

The Security of Your Information

We take reasonable administrative, physical, and electronic measures designed to protect the information that we collect from or about you (including your PII) from unauthorized access, use, or disclosure. Please be aware, however, that no method of transmitting information over the Internet or storing information is completely secure. Accordingly, we cannot guarantee the absolute security of any information.

Links to Other Sites

Our Services may contain links to websites and services that are owned or operated by third parties (each, a “**Third Party Service**”). Any information that you provide on or to a Third Party Service or that is collected by a Third Party Service is provided directly to the owner or operator of the Third Party Service and is subject to the owner’s or operator’s privacy policy. We’re not responsible for the content, privacy, or security practices and policies of any Third Party Service. To protect your information we recommend that you carefully review the privacy policies of all Third Party Service that you access.
